1. What is the lecture mainly about?
- (A) A process for improving drainage systems
 - (B) A comparison of different types of drainage systems
 - (C) The relationship among the most common drainage systems
 - (D) The changes that occur in drainage systems over time

2. Which drainage pattern is described as the most familiar among the four major types discussed in the lecture?
- ☐ (A) Radial drainage pattern
 - ☐ (B) Trellis drainage pattern
 - ☐ (C) Centripetal drainage pattern
 - ☐ (D) Dendritic drainage pattern
3. Why does the professor mention the spokes of a wheel?
- ☐ (A) To make a point about the stream beds in a trellis pattern
 - ☐ (B) To contrast the formation with that of a rectangle one
 - ☐ (C) To explain the structure of a radial drainage system
 - ☐ (D) To give an example of a dendritic drainage system
4. How does the professor introduce the dendritic drainage system?
- ☐ (A) By demonstrating how this very old system has evolved
 - ☐ (B) By comparing it to both a tree and the human circulatory system
 - ☐ (C) By criticizing the efficiency of the branches in the system
 - ☐ (D) By drawing conclusions about the climate in the area
5. What is the anticipated focus of the lecturer's test questions?
- ☐ (A) The lecturer will primarily assess understanding of exceptional patterns in drainage systems.
 - ☐ (B) The lecturer will avoid straightforward questions about basic drainage systems.
 - ☐ (C) The lecturer will challenge students by incorporating unexpected geological events into test questions.
 - ☐ (D) The lecturer will prioritize testing basic knowledge of drainage systems without using deceptive tactics.
6. What does the professor imply when he says this: 
- ☐ (A) The test questions will be very difficult.
 - ☐ (B) The students should read their textbooks before the test.
 - ☐ (C) The basic patterns from the notes will be on the test.
 - ☐ (D) The test will influence the final grade.

HIDE TIME 00 :29 :46

7. What is the main focus of this discussion?
- (A) The Renaissance
 - (B) Important scholars
 - (C) Humanism
 - (D) Political reform
8. According to the professor, what was the effect of using Latin as a universal language of scholarship?
- (A) It facilitated communication among intellectuals in many countries.
 - (B) It made Rome the capital of the world during the Renaissance.
 - (C) It caused class distinctions to be apparent throughout Europe.
 - (D) It created an environment in which new ideas were suppressed.
9. Why does the professor mention the drawing by Leonardo da Vinci?
- (A) She wants the students to refer to their textbook more often.
 - (B) She uses it as an example of the union of art and science.
 - (C) She says that it is one of her personal favorites.
 - (D) She contrasts his work with that of other artists.

10. What is the lecture's opinion about the importance of Greek and Latin languages in scholarship?
- (A) The lecture emphasizes the decline of Greek and Latin in scholarly pursuits.
 - (B) The lecture highlights the significance of Greek and Latin in intellectual discourse across Europe.
 - (C) The lecture suggests that Greek and Latin are irrelevant to modern intellectual endeavors.
 - (D) The lecture asserts that Greek and Latin are only important for historical purposes.
11. All of the following characteristics are true of humanism EXCEPT
- (A) Mankind is innately good.
 - (B) Scholars must serve society.
 - (C) The individual is important.
 - (D) Human beings are rational.
12. According to the professor, what can be inferred about a Renaissance man?
- (A) He would probably be a master craftsman.
 - (B) He would have an aptitude for both art and science.
 - (C) He would be interested in classical philosophers.
 - (D) He would value logic at the expense of creativity.

Listening 3 "Art Class"

13. What is the lecture mainly about?
- ☐ (A) The way that drawing has influenced art
 - ☐ (B) The relationship between drawing and other art
 - ☐ (C) The distinct purposes of drawing
 - ☐ (D) The reason that artists prefer drawing
14. According to the professor, why do architects use sketches?
- ☐ (A) Architects are not clear about the final design at the beginning.
 - ☐ (B) To design large buildings, architects must work in a smaller scale.
 - ☐ (C) Engineers use the architect's sketches to implement the details.
 - ☐ (D) Sketches are used as a record of the stages in development.
15. Why does the professor mention the drawing of Marie Antoinette?
- ☐ (A) It is an example of a work copied in another medium.
 - ☐ (B) Drawing was typical of the way that artists were educated.
 - ☐ (C) The sketch was a historical account of an important event.
 - ☐ (D) The size of the drawing made it an exceptional work of art.
16. What is the professor's opinion of Picasso?
- ☐ (A) Picasso was probably playing a joke by offering drawings for sale.
 - ☐ (B) At the end of his career, Picasso may have chosen drawing because it was easy.
 - ☐ (C) Picasso's drawings required the confidence and skill of a master artist.
 - ☐ (D) Cave drawings were the inspiration for many of Picasso's works.
17. What is likely to happen in the next class session?
- ☐ (A) The lecturer will critique and grade the students' sketches to assess their artistic abilities.
 - ☐ (B) The lecturer will introduce more advanced drawing techniques before discussing materials used in drawing.
 - ☐ (C) The lecturer will focus on the importance of using specific mediums in drawing and their effects on artistic expression.
 - ☐ (D) The lecturer will cancel the discussion on drawing materials and instead assign a different topic for the next class.
18. What can be inferred about the role of drawing in artistic education?
- ☐ (A) Drawing has only recently been recognized as a valuable educational tool for artists.
 - ☐ (B) Artists primarily use drawing to showcase their own originality rather than to learn from past masters.
 - ☐ (C) Drawing has been a longstanding tradition in artistic education, allowing artists to learn from the works of Old Masters.
 - ☐ (D) Drawing is becoming obsolete in modern artistic education due to advancements in digital technology.

PART II

Listening 4 "Bookstore"

19. What does the man need from the bookstore?
- ☐ A A schedule of classes for next term
 - ☐ B A form to order books
 - ☐ C Specific books for his classes
 - ☐ D Information about employment
20. What does the man need if he wants a full refund?

Click on 2 answer choices.

- ☐ A Identification
- ☐ B His registration form
- ☐ C A receipt for the purchase
- ☐ D Proof of his deposit

21. What does the woman mean when she says this: 
- ☐ (A) She is not sure that the student employee will give her the form.
☐ (B) She thinks that he will have to wait for the student employees.
☐ (C) She does not want the man to bother her because she is busy.
☐ (D) She is not sure that the man understands what to do.
22. What does the man need to do now?
- ☐ (A) Go to the bank to get money for the deposit
☐ (B) Sit down and fill out the form to order books
☐ (C) Take his books back to the dormitory
☐ (D) Locate the schedule numbers for his classes
23. What does the woman imply about the used books she sells?
- ☐ (A) They are purchased before new books.
☐ (B) They do not have marks in them.
☐ (C) She does not recommend buying them.
☐ (D) She would rather sell new books.

Listening 5 "Professor's Office"

24. What does the woman go to see her professor?
- Ⓐ To get notes from a class that she has missed
 - Ⓑ To clarify some of the information from a lecture
 - Ⓒ To talk about her career in international business
 - Ⓓ To ask some questions about a paper she is writing
25. According to the professor, which factor causes staffing patterns to vary?
- Ⓐ The yearly earnings for all of the branch offices
 - Ⓑ The number of employees in a multinational company
 - Ⓒ The place where a company has its home office
 - Ⓓ The number of years that a company has been in business
26. Why does the professor mention the career perspectives of expatriates in Japan and the US?
- Ⓐ To caution business majors about the challenges of living abroad.
 - Ⓑ To compare the benefits of permanent expatriate status in different countries.
 - Ⓒ To highlight the importance of understanding cultural differences in international business.
 - Ⓓ To illustrate the differing long-term strategies for expatriates in different countries.
27. What is the student likely considering regarding international career opportunities?
- Ⓐ The student plans to pursue permanent expatriate status in Japan.
 - Ⓑ The student intends to avoid international career opportunities due to the commitment involved.
 - Ⓒ The student is considering temporary overseas assignments as part of their career path.
 - Ⓓ The student is uncertain about their future career plans and international opportunities.
28. What can be inferred about expatriate living from the provided statement?
- Ⓐ Expatriate living is consistent in its career implications across all countries.
 - Ⓑ Permanent expatriate status is more common in the US than in Japan.
 - Ⓒ Career strategies for expatriates vary depending on the country, such as Japan and the US.
 - Ⓓ Business majors are not advised to consider international careers due to temporary strategies.
